TracTrac - leaders in live tracking

We have tracked more and larger regattas than anyone else. Our experience, our passion for sailing and our commitment year after year to continuously improving our service gives you the assurance of the most relevant, reliable and advanced tracking system available.

Excite sailors, fans and sponsors

TracTrac's advanced tracking viewer:

- Live leader board
- Performance analysis table
- Auto-producer and course orientation
- Live wind
- Adaptation to special race formats (team racing, offshore, match racing, OCR etc)
- Jury and race committee support

Mobile App

Smartphone & tablet (iOS and Android)

Social Media, Chat & Audio

Extend the reach and engage your audience via Social Media integration and live chat and audio.

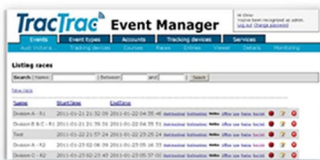

Statistics and race support

Support fans and race organization alike with live results, race and performance statistics, course information etc.

Easy-to-use Event Manager

Do it yourself without a hassle - or get full service from TracTrac

3D

Add 3D live or in replay to give your regatta extra flavour.
