

## USER GUIDE

TracTrac allows you to see tracking of your favourite sporting events – LIVE and in replay. Enter [www.tracrac.com](http://www.tracrac.com), click your favourite event and a screen similar to the one below will appear. (NB: live tracking requires Java. Free download at [www.java.com](http://www.java.com)).

- **Zoom** by using the scroll-wheel on the mouse and pan by dragging the map with the mouse.
- **Locate a specific competitor** on the map by clicking on it in the leaderboard.
- Mouse-over a competitor will give you name and additional information related to the competitor.
- Mouse-click on a competitor will lock the **focus** on the competitor.
- Press **'Replay'** in the box in the lower left corner to replay.
- Select a **specific time** with the sliding bar.
- Try increasing or decreasing the **speed**.

The active leaderboard shows the real-time ranking of the competitors, with the leading competitor at the top. The active leaderboard can be sorted on the different columns.

### Use the replay

When you open the tracking the system is in live-mode. Click the replay-button and the play-button to watch the race from the beginning.

### More information

By holding your mouse over a competitor you can see who the competitor is; check his position and precise speed and more.

### Larger area for tracking

Minimize overview map or the leaderboard to get more room for the tracking.
